FINANCIAL: Did not discuss financials.

OLD BUSINESS

- Discussed minutes, and old business from last month.

NEW BUSINESS

- Track had been groomed once, since last meeting with dozer.
- Osbournes decided on Sept 19/20th for a race date. We were to double check with them for sure.
- Discussion of who shall be taking care of trying to find a caterer for the harescrambles. Wes Shippelt said he would try.
- Need to find toilets, ambulance for Marble Mountain. Wes said he would take care of this as well.
- Discussion of sponsorships coming in very slowly. We need to get more people passing out letters, and getting on the donations for the Dozer that needs to be paid for in full this fall.
- Race Trailer is ready to go.
- Bylaws.-We could not find anything wrong with our bylaws for it to stamped deficient. They meet AB regulations. Steve will be looking into this further and will hopefully have something figured out by next meeting.
- Lease is up at track. We renewed it for another 10 years till May 14th 2025 at \$125 per year.
- Discussion of Day pass sponsorships again. We decided that we as a club will have someone sit at the track on selected Sundays and sell day passes. June 7th-Sue Reeves. June 14th-Wes Shippelt. June 21st-Amanda Netrefa. July 12th-Shelly Dyrland. We will see what kind of interest happens, and if it is worth continuing.
- Discussion of a couple events to possibly be held.
 - Red Riders Jr School. July 18th. \$160 for 3 hrs. They provide gear, bikes, and supper. 6-12yrs old.
 - Jason Schrage Enduro School. July 19th. Intermediate Riders. \$120 per rider. Cash Only
- Discussion of whose job it is to get everything done for harescrambles. Like finding sweepers, and having enough sweepers. 2 at least for adult race. Making sure medics have radios and transportation, as well as knowing where the easy access points are during races, finding slappers, and finding lap scorers. Nothing decided.

Meeting adjourned.
