To whom it may concern,

The Rocky Motorcycle Club is a not for profit organization that runs its events within Rocky Mountain House and surrounding areas. Throughout the summer months we host fun, family friendly Motocross and Hare Scramble for hundreds of riders of all ages and abilities. While other clubs sit dormant in the colder months our organization has broadened its scope by adding the oval lake Ice Racing series as well as introducing winter Hare Scrambles to our schedule. Our team of volunteers work very hard to ensure environmental sustainability, cleanliness and a professional atmosphere are a priority at all of our events.

We would like to ask for your support as a 2023 Corporate Sponsor. As a sponsor you will receive positive media exposure at our year round events as well as on our webpage and social media accounts. If corporate sponsorship isn't the right fit there are further advertising options available that are explained in this package.

Your support will help provide our Club with the means necessary to maintain our track at Tabletop Raceway, host our events, provide safe riding environments for all of our members, as well as aid us with the maintenance of the facilities we use to host our events.

Included is a sponsorship description sheet. If you are interested in becoming a Corporate Sponsor please contact by email and one of our board members will contact you.

Thank you in advance for your consideration.

Sincerely,

Rocky Motorcycle Club
